

## 600-SERIES - 3MP IP DOME CAMERA

OE-C6123 / W2 / W3 / W6 / W12

The OE-C6123-W indoor 3MP IP micro dome camera provides high quality images at 3MP max resolution. This camera uses True WDR to balance contrast between high and low light. The OE-C6123-W also has 3-axis gimbal positioning to allow placement on either a ceiling or a wall.

The OE-C6123-W has a compact design with an angled CAT 5 port, which allows connection of IP cables with larger molded heads. This camera operates using PoE, which requires only a single cable for both power and video.

All OpenEye IP cameras are fully ONVIF™ compliant and are compatible with the OpenEye Web Services platform, allowing multiple users to view high quality images and perform remote setup using a Web browser.
